**Pre-K** We wanted to thank our wonderful families for blessing us with our new classroom items. We are so thankful for you!

**Kindergarten** Hip-hip Hooray! The groundhog did not see his shadow! Expect an early spring this year.

**First Grade** Science Fair packets are going home this week. It is an optional assignment but will count for extra credit for students that choose to participate. Also going home this week is our poem for the class Speech Meet coming up in March. Please practice with your child nightly so they can have it memorized and be prepared to perform it. Next week there is no school on Friday. We will celebrate Valentine's Day on Thursday. Students may bring in a card for each of their classmates to be passed out that afternoon. I will provide a small treat for them to enjoy. Have a blessed week!

**Second Grade** We have 2 projects we are starting, one is mandatory and the other is optional.

1. Cereal Box Book Report (mandatory) Information for this project will be sent home on Friday. It is due March 9.
2. Science Fair Projects (optional) A packet was sent home. If your child chooses to do a Science Project, extra credit will be earned. It is due March 16. Please let me know if your child will be participating. This Friday, Feb. 7, is the Awards Chapel.

**Third Grade** Speech Meet and Science Fair are fast approaching. Please practice and say your speech every day. Science Fair is optional, however, participation is strongly encouraged so your child will receive extra credit.

We will have a math and language test this week. Let's start the 3rd quarter off well!

**Fourth Grade** Congratulations to everyone who excelled this quarter and will be receiving awards on Friday. I'm so proud of you! This week we'll finish reading our mystery books and organizing our notes to do our oral reports on Thursday and Friday. Monday we'll be applying all our hard work on our long division test, and our Language exam over the concepts from this last quarter will be on Wednesday. Finally, our Friday's Science project deadline will be turning in a log with a date and description of what you've done on your experiment so far.

**Fifth Grade** Let's start off this quarter strong! You can keep up with any missing work your child may have via Ren Web. This is the most effective way. If you have any questions about it, let me know.

**Sixth Grade** Students should have identified what they will be doing for their science project and started initial stages. Look this week for info coming home about field trip to Medieval Times on March 26.

**Seventh Grade** I'm very proud of all the students that really put in effort last quarter. I pray we keep encouraging our students to continue!

**Eighth Grade** Just a reminder that report cards went home on Friday. Please be sure to contact me at [vca.dmayer@gmail.com](mailto:vca.dmayer@gmail.com) or through the school office, (951)242-5683, if you have any concerns. Final Washington DC payments were due Jan. 31st. If you have not yet made your final payment please do so now. We will have a parent information meeting concerning our DC trip on Feb. 27th at 3:30. Please plan to attend if you or your child is a participant. I am looking for volunteers to raise funds for our upcoming 8th grade graduation. I have ideas, but I am in need of workers.
