Kindergarten

I miss you all. It's been too long. I'm looking forward coming back next week!

First Grade

Please remember to return the progress report signed if you have not already.

The Family Tree Project is due next week Tuesday, January 19. Students are to have a display and will make an oral presentation.

Second Grade

There will be no school next Monday, Jan. 18, in honor of Martin Luther King Jr. Day. Happy Birthday to Ethan and Grant! who both had birthday's this month.

Third & Fourth Grades

I wanted to remind everyone of ways you can help if your child is absent. Please let the office know, or email me directly. Next, check the posted daily work on Renweb's LMS to keep them up to date. If they're going to be out for more than a day or two, you can pick up their books, and scan their work to upload it directly to the site. I'm here to help with whatever you need. Thanks for all your support!

Fifth Grade

This week we will begin a guided practice assignment of a Science Fair project. This will be a class project, done in class, to solidify the Scientific Method needed for Science Fairs. Students will work on all portions of a project together. At a later date students will participate in a gardening science project.

Sixth Grade

Next week we will begin planning for the science project. Your student will be getting information from Mr. Bryant. 2nd quarter is quickly coming to a close, so make sure your student is completing all the work for each subject.

Junior High

The week we are continuing our study of the major events of Christ's life in Bible. In English we are wrapping up our study of Adjectives with the test on Wednesday. 7th grade is finishing our chapter on genetics in Science and will take that test on Friday, while 8th grade Science continues to explore Earth's changes. Have a great week!
