FROM THE TEACHERS:

Pre-K -

Hello parents and grandparents! Happy birthday to Emmanuel Anyatonwu, Preeyana Shergill and Samuel Green! We could sure use some more kleenex and baby wipes! If you would be willing to donate that would be awesome! Keep counting to 50 with your children at home! Eventually we will be counting to 100!

Kindergarten -

We are running low on supplies in our classroom. If you would like to help us out we are in need of baby wipes and tissue boxes. We appreciate you! Have a blessed week!

First Grade -

This week the students are presenting their Family Tree projects in class. Wednesday is a Spirit Day so remember to come in your Sports Dress. Friday is a Minimum Day with school out at noon. Talent Show is next week on Tuesday the 31st. The end of the quarter is coming up on February 2nd. Please encourage your student to finish the quarter strong. Have a blessed week!

Second Grade -

Happy birthday to Jillian, Ethan and Mila this month! Wednesday is sports dress up day. Friday is a minimum day. Next week is the end of the quarter and our field trip is in 2 weeks!

Third Grade -

Thanks everyone for turning in your money and permission slips for our whale watching trip coming in March. Our class is so excited!

Here are some important events for the week. We have a Math test over measurements on Tuesday. Wednesday is "Sports dress" day. Finally, on Friday we will be reciting our "Washington" poems, and it's also a minimum day.

Fourth Grade -

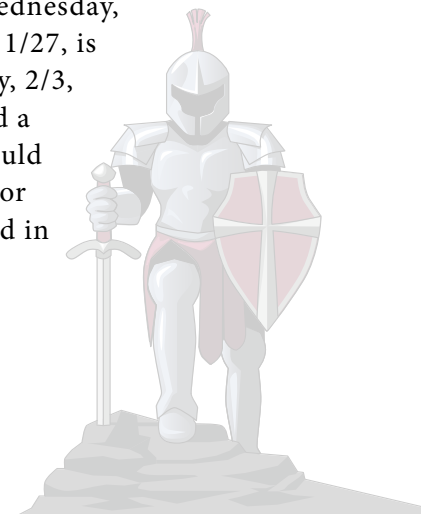

Science Fair Packets went home on Monday. Your child's finished Project is due on March 20th, but small parts will be due each week, so we can make sure that plenty of time is given to the project. We will be doing a project in class to help students understand the process. Please check your child's homework daily to see what is due and check the back page of the Science Fair Packet for the 8-week timeline. In Math, we have moved on to Geometry. Most of the students are very excited, so far. Please continue working with your child on their multiplication facts. Science is all about electricity and magnetism. We will be working on writing paragraphs with topic sentences and concluding sentences, and continuing with capitalization and punctuation.

Fifth Grade -

Outstanding job on your Living Timeline Projects! This week, we will have a language test and packets went out regarding their upcoming Science Fair project. Students were to choose their project idea to turn in this week. Please continue reading "Gifted Hands" nightly.

Junior High -

Each student should be finishing their books by Wednesday. Make sure that each child is reading 20 pages of their book a day. In class, we are having discussions and example experiments for science, as the Science Fair Project will soon be on Wednesday. Each child will need to complete this assignment, which is worth two test grades. Each student must complete the Science Fair Project 99% on their own. As the students have been told, their topic for the project needs to be turned in and approved by the end of the month. Wednesday, 1/25, is Sports Day. Friday, 1/27, is a minimum day. Next Friday, 2/3, is the end of the quarter and a minimum day. Students should have all their missing work or corrections should be turned in before then.
